The hillside at Ijams Nature Center boasts the space for the audience to spread out & observe proper social distancing while enjoying the outdoor performances, which will feature two of Shakespeare’s most renowned plays: the comedy 

Twelfth Night & the romance of The Tempest.

Twelfth Night opens the festival on Thursday, July 8th. It continues through August 7th, alternating performances with The Tempest, which opens on Friday, July 9th, & plays through August 8th. There is an indoor space at Ijams Nature Center where performances will move in case of rain. In order to be prepared for the ever-changing landscape of 2021, we will play this season in the open field in front of the Visitors Center of Ijams Nature Center, located at 2915 Island Home Ave, Knoxville, TN 37920, just a short drive from downtown.

The Tennessee Stage Company encourages our audiences to spend an evening at Ijams Nature Center. Walk the splendor of the trails, check out the gift shop, have dinner at a food truck, see the show & enjoy the beverages from the Beer Garden. Come early & sample the many pleasures to be found at Ijams Nature Center.

Reservations & in-person tickets will be $15, with a four-pack for families offered a 15% discount. Tickets are on sale now at Ijams.org/shakespeare.
